## PROFESSIONAL EXPERIENCE

---

### PROMODEL CORPORATION, Ann Arbor, MI

*Software Development Intern, May 2019 – August 2019*

- Developed automated tests using Selenium Webdriver and created unit tests for back-end functionality. Used TeamCity to run these tests as regression tests triggered by new Sourcetree commits; the results of these tests were reported via TeamCity through Slack and email.
- Worked on two web applications (ProModel Entitlements and Customer Account Portal); I updated information, organized multiple pages, and fixed bugs on the front-end side.
- Created a “help” page and web documentation for two ProModel customer account web applications using HTML, CSS, and Markdown
- Gained familiarity with object-oriented programming and abstract data types used for backend development
- Worked on a team of 13 other software developers and participated in daily team meetings
- Received 30+ hours of software training through Pluralsight.com, which included courses on .NET Framework and jQuery, JavaScript, SQL Server, and Angular

### MCDONALDS, Charlotte, MI

*Service Crew Member, Jan 2017 – August 2018*

- Gained experience working with a large and diverse team in a time-sensitive environment, developed an understanding of corporate-customer relations, and experienced firsthand the effects of increasing technology use such as kiosks.

### ORIOLE NEST, Charlotte, MI

*Cashier, Manager, Crew Member, Feb 2017 – June 2017*

- Analyzed data such as profit trends and gave weekly presentations to all staff members on the effectiveness of our marketing and progress towards our sales goals.
